

## Safety Data Sheet

in accordance with Regulation (EC) No 1907/2006 and COMMISSION REGULATION (EU) 2020/878

### Ajax Floral Fiesta Wildflowers

*This safety data sheet is not intended for consumers and does not contain information regarding consumer uses of the mixture. Information regarding the use of this mixture in consumer products can be found on the labels of individual consumer products.*

|                |                       |                              |                                                               |
|----------------|-----------------------|------------------------------|---------------------------------------------------------------|
| Version<br>1.3 | Update:<br>17/05/2023 | Card Number:<br>660000017010 | Last issue date: 23/03/2023<br>First release date: 02/09/2022 |
|----------------|-----------------------|------------------------------|---------------------------------------------------------------|

## SECTION 1: Identification of the substance/mixture and of the company

### 1.1 Product ID

|                                        |                                                  |
|----------------------------------------|--------------------------------------------------|
| Trade name                             | : Ajax Floral Fiesta Wildflowers<br>B02914570025 |
| Product code                           | : 200000067546                                   |
| Unique Identifier<br>Active Form (UFI) | : D3NF-40CN-700K-FP9C                            |

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

|                                 |                  |
|---------------------------------|------------------|
| Use of the<br>substance/mixture | : cleaning fluid |
|---------------------------------|------------------|

### 1.3 Details of the supplier of the safety data sheet

|                                                    |                                                                                          |
|----------------------------------------------------|------------------------------------------------------------------------------------------|
| Business                                           | : Colgate-Palmolive (Poland) Sp. z o. o<br>Wybrzeże Gdyńskie 6D, 01-531 Warsaw (Poland). |

| Email address of the<br>person responsible for SDS | : colgate_sds@colpal.com                                                                 |

### 1.4 Emergency telephone number

CHEMTREC Poland- +(48)-223988029  
Global-CHEMTREC- +1 703-741-5970

## SECTION 2: Hazard Identification

### 2.1 Classification of the substance or mixture

**Classification (REGULATION (EC) No 1272/2008)**

Eye irritation, Category 2

H319: Causes serious eye irritation.

**Safety Data Sheet**

in accordance with Regulation (EC) No 1907/2006 and COMMISSION REGULATION (EU) 2020/878

**Ajax Floral Fiesta Wildflowers**

*This safety data sheet is not intended for consumers and does not contain information regarding consumer uses of the mixture. Information regarding the use of this mixture in consumer products can be found on the labels of individual consumer products.*

|                |                       |                              |                                                               |
|----------------|-----------------------|------------------------------|---------------------------------------------------------------|
| Version<br>1.3 | Update:<br>17/05/2023 | Card Number:<br>660000017010 | Last issue date: 23/03/2023<br>First release date: 02/09/2022 |
|----------------|-----------------------|------------------------------|---------------------------------------------------------------|

**2.2 Signage elements****Labelling (REGULATION (EC) No 1272/2008)**

Pictograms indicating  
the type of hazard :

Signal word : Attention

Hazard statements : H319 Causes serious eye irritation.

Precautionary statements : P102 Keep out of reach of children.  
P101 If medical advice is needed, have product container or label at hand.

**Response:**

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to remove. Continue rinsing.

P337 + P313 If eye irritation persists: Get medical advice/attention  
doctor.

**Additional markings**

EUH208 Contains GLUTARAL. May produce an allergic reaction.

**2.3 Other threats**

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or greater.

Ecological information: This substance/mixture does not contain ingredients considered to have endocrine-active properties under REACH Article 57(f), Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 20218/606 at levels of 0.1% or higher.

Toxicological information: This substance/mixture does not contain ingredients considered to have endocrine-active properties under REACH Article 57(f), Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 20218/606 at levels of 0.1% or higher.

**Safety Data Sheet**

in accordance with Regulation (EC) No 1907/2006 and COMMISSION REGULATION (EU) 2020/878

**Ajax Floral Fiesta Wildflowers**

*This safety data sheet is not intended for consumers and does not contain information regarding consumer uses of the mixture. Information regarding the use of this mixture in consumer products can be found on the labels of individual consumer products.*

**SECTION 4: First aid measures****4.1 Description of first aid measures**

|                              |                                                                                                                                                                                                        |
|------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General recommendations      | : Remove from the danger zone.<br>Show the attached Material Safety Data Sheet to the physician.<br>Do not leave the injured person unattended.                                                        |
| In case of inhalation        | : If the person is unconscious, place him or her in a comfortable position and seek medical advice.<br>medical advice.<br>If symptoms persist, call a doctor.                                          |
| In case of skin contact      | : If skin irritation persists, call a physician.<br>In case of skin contamination, rinse well with water.<br>If clothing becomes contaminated, remove clothing.                                        |
| In case of contact with eyes | : Immediately flush eyes with plenty of water.<br>Remove contact lenses.<br>Protect the uninjured eye.<br>Keep your eyes wide open while rinsing.<br>If eye irritation persists, consult a specialist. |
| If swallowed                 | : Keep the airway clear.<br>Never give anything by mouth to an unconscious person.<br>If symptoms persist, call a doctor.                                                                              |

**4.2 Most important acute and delayed symptoms and effects of exposure**

|         |                       |
|---------|-----------------------|
| Threats | : Irritating to eyes. |
|---------|-----------------------|

**4.3 Indications of any immediate medical attention and special treatment needed for the injured person**

Treatment: Symptomatic treatment.

---

**SECTION 5: Firefighting measures****5.1 Extinguishing media**

Suitable extinguishing media: Use extinguishing media appropriate to local fire conditions.  
conditions and for the environment.

Unsuitable extinguishing media: Large volume water jet

## Safety Data Sheet

#### 5.2 Special hazards arising from the substance or mixture

Hazardous combustion products : No hazardous combustion products known

#### 5.3 Information for the fire brigade

Special protective equipment for firefighters : If necessary, wear breathing apparatus during firefighting operations. closed-circuit respiratory system.

Further information : Standard procedure for fires involving chemicals.

### SECTION 6: Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Individual precautions. : Use personal protective equipment.

#### 6.2 Environmental precautions

Environmental precautions : Prevent further leakage or spillage if safe to do so.

In the event of product contamination of rivers, lakes or sewage, notify the appropriate authorities.

#### 6.3 Methods and materials for containment and removal of contamination

Purification methods : Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).

Store in suitable, closed containers until disposal.

#### 6.4 References to other sections

See chapters: 7, 8, 11, 12 and 13.

### SECTION 7: Handling and storage of substances and mixtures

#### 7.1 Precautions for safe handling

Ways to stay safe: Do not breathe fumes/dust. proceedings

Avoid contact with skin and eyes.

Personal protective equipment: see section 8.

Do not eat, drink or smoke in the area of application.

Dispose of rinse water in accordance with local and national regulations.

**Safety Data Sheet**

in accordance with Regulation (EC) No 1907/2006 and COMMISSION REGULATION (EU) 2020/878

|----------------|-----------------------|------------------------------|---------------------------------------------------------------|

Fire protection guidelines : Normal fire protection measures.

Hygiene products : Do not eat or drink while using this product. Do not smoke tobacco while using the product. Wash hands before meals and after finishing work.

**7.2 Conditions for safe storage, including information on any incompatibilities**

Requirements for storage rooms and containers : Keep container tightly closed in a dry and well-ventilated place. Electrical installations/equipment must comply with technical safety standards.

Further information on storage stability : No decomposition when stored and used as directed.

**7.3 Specific end use(s)**

Specific applications : Cleaning products

**SECTION 8: Exposure controls/personal protection****8.1 Control parameters****Occupational exposure limits**

| Ingredients | CAS No.  | Value type<br>(Route of exposure) | Control parameters    | Base   |
|-------------|----------|-----------------------------------|-----------------------|--------|
| GLUTARAL    | 111-30-8 | NDS                               | 0.4 mg/m <sup>3</sup> | PL NDS |
|             |          | NDSch                             | 0.6 mg/m <sup>3</sup> | PL NDS |

**8.2 Exposure Controls****Personal protective equipment.**

Eye/face protection: Eye wash bottle with clean water  
Tight goggles  
If problems occur during processing, wear a face shield and protective clothing.

Hand protection

Comments : Suitability for a specific job position should be discussed with manufacturers of protective gloves.

Skin and body protection : Impermeable clothing  
Adapt the type of body protection to the amount and concentration of hazardous substances in the workplace.

Acute toxicity - after application to the skin : LD50 (Rat): > 2,000 mg/kg

#### GLUTARAL:

Acute toxicity - oral route : LD50 (Rat): 71 mg/kg

Acute toxicity - inhalation : LC50 (Rat, female): 0.28 mg/l  
Exposure time: 4 h  
Research atmosphere: dust/fog

Acute toxicity - after application to the skin : Notes: No data available

#### Skin corrosion/irritation

Not classified based on available information.

#### Ingredients:

##### Sodium Laureth Sulfate:

Species : Rabbit  
Result : irritating

Comments : Extremely corrosive and tissue-destructive.

#### GLUTARAL:

Species : Rabbit  
Result : Corrosive after 3 minutes to 1 hour of exposure

#### Serious eye damage/eye irritation

Irritating to eyes.

#### Ingredients:

##### Sodium Laureth Sulfate:

Result : Irreversible effects on the eyes

Comments : May cause irreversible eye damage.

#### GLUTARAL:

Species : Rabbit  
Result : No eye irritation

#### Respiratory or skin sensitization

##### Skin sensitization

Not classified based on available information.

**Safety Data Sheet**

1.3

Update:  
17/05/2023

Card Number:  
660000017010

Last issue date: 23/03/2023  
First release date: 02/09/2022

---

**Respiratory sensitization**

Not classified based on available information.

**Ingredients:****Sodium Laureth Sulfate:**

Route of exposure : Skin  
Species : Guinea pig  
Result : It is not a skin sensitizer.

Route of exposure : Inhalation  
Comments : No data available

**GLUTARAL:**

Route of exposure : Skin  
Species : Guinea pig  
Result : The product is a skin sensitiser, subcategory 1A.

Route of exposure : Inhalation  
Result : May cause sensitization by inhalation.  
respiratory.

**Mutagenic effect on reproductive cells**

Not classified based on available information.

**Carcinogenicity**

Not classified based on available information.

**Reproductive toxicity**

Not classified based on available information.

**Specific target organ toxicity - single exposure**

Not classified based on available information.

**Ingredients:****GLUTARAL:**

Route of exposure : Inhalation  
Rate : May cause respiratory irritation.

**Specific target organ toxicity - repeated exposure**

Not classified based on available information.

**Aspiration hazard**

Not classified based on available information.

## Safety Data Sheet

in accordance with Regulation (EC) No 1907/2006 and COMMISSION REGULATION (EU) 2020/878

### Ajax Floral Fiesta Wildflowers

*This safety data sheet is not intended for consumers and does not contain information regarding consumer uses of the mixture. Information regarding the use of this mixture in consumer products can be found on the labels of individual consumer products.*

#### 11.2 Information about other threats

##### Endocrine disrupting properties

###### Product:

Rate : This substance/mixture does not contain ingredients considered to have endocrine-active properties according to REACH Article 57(f), Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 20218/606 at levels of 0.1% or higher.

##### Further information

###### Product:

Comments : The product has not been tested as a mixture. However, the mixture's composition has been subjected to a safety assessment by expert toxicologists within Colgate-Palmolive's Product Safety Assurance Department and is considered safe when used as intended. Available safety data on the individual ingredients, data from similar mixtures, and any potential interactions between ingredients were considered in preparing this assessment. This assessment is part of the hazard assessment used to prepare the recommendations in Section 2 of the safety data sheet.

## SECTION 12: Ecological information

#### 12.1 Toxicity

##### Ingredients:

###### **Sodium Laureth Sulfate:**

Fish toxicity : LC50 (Fish): 7.1 mg/l  
Exposure time: 96 hrs

Toxicity to daphnia and other aquatic invertebrates : 7.4 mg/l  
Exposure time: 48 h

EC50 (Daphnia magna (water flea)): > 1 - 10 mg/l  
Test type: static test  
Method: OECD Test Guideline 202

Fish toxicity (Chronic toxicity) : NOEC: 0.14 mg/l  
Species: Oncorhynchus mykiss (rainbow trout)

###### **GLUTARAL:**

| H315 | : Irritating to skin.                                                        |
| H317 | : May cause an allergic skin reaction.                                       |
| H318 | : Causes serious eye damage.                                                 |
| H330 | : Inhalation may be fatal.                                                   |
| H334 | : May cause allergy or asthma symptoms or breathing difficulties if inhaled. |
| H335 | : May cause respiratory irritation.                                          |
| H400 | : Very toxic to aquatic organisms.                                           |
| H411 | : Toxic to aquatic life with long lasting effects.                           |
| H412 | : Harmful to aquatic life with long lasting effects.                         |

|        |                                       |
|--------|---------------------------------------|
| EUH071 | : Corrosive to the respiratory tract. |
|--------|---------------------------------------|

**Full text of other abbreviations**

|                 |                                                                                                                  |
|-----------------|------------------------------------------------------------------------------------------------------------------|
| Acute Tox.      | : Acute toxicity                                                                                                 |
| Aquatic Acute   | : Short-term (acute) hazard to the aquatic environment                                                           |
| Aquatic Chronic | : Long-term (chronic) hazard to the aquatic environment                                                          |
| Eye Dam.        | : Serious eye damage                                                                                             |
| Resp. Sens.     | : Respiratory sensitization                                                                                      |
| Skin Corr.      | : Corrosive to skin                                                                                              |
| Skin Irrit.     | : Skin irritant                                                                                                  |
| Skin Sens.      | : Skin sensitization                                                                                             |
| STOT SE         | : Specific target organ toxicity - exposure disposable                                                           |
| PL NDS          | : On the highest permissible concentrations and intensities of factors harmful to health in the work environment |
| PL NDS / NDS    | : Highest Allowable Concentration                                                                                |

## Safety Data Sheet

in accordance with Regulation (EC) No 1907/2006 and COMMISSION REGULATION (EU) 2020/878

### Ajax Floral Fiesta Wildflowers

*This safety data sheet is not intended for consumers and does not contain information regarding consumer uses of the mixture. Information regarding the use of this mixture in consumer products can be found on the labels of individual consumer products.*

PL NDS / NDSch : Maximum Allowable Momentary Concentration

ADN - European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways; ADR - Agreement concerning the International Carriage of Dangerous Goods by Road; AIC - Australian Inventory of Chemicals; ASTM - American Society for Testing and Materials; bw - Body weight; CLP - Classification, Labelling and Packaging Regulation; Regulation (EU) No. 1272/2008; CMR - Carcinogen, mutagen or reproductive toxicant; DIN - German Institute for Standardization; DSL - National Substance List (Canada); ECHA - European Chemicals Agency; EC-Number - European Community Number; ECx - Concentration associated with x% of the reaction; ELx - Loading factor associated with x% of the reaction; EmS - Emergency Schedule; ENCS - Existing and new chemical substances (Japan); ErCx - Concentration associated with x% increase in reaction speed; GHS - Globally Harmonized System; GLP - Good Laboratory Practice; IARC - International Agency for Research on Cancer; IATA - International Air Transport Association; IBC - International Code for the Construction and Equipment of Ships for the Carriage of Dangerous Chemicals in Bulk; IC50 - Half Maximum Inhibitory Concentration; ICAO - International Civil Aviation Organization; IECSC - Inventory of Existing Chemical Substances in China; IMDG - International Maritime Dangerous Goods Code; IMO - International Maritime Organization; ISHL - Industrial Safety and Health Law (Japan); ISO - International Organization for Standardization; KECI -

Korean Inventory of Existing Chemical Substances; LC50 - Concentration of a toxic substance that causes death of 50% of a group of a population of test organisms; LD50 - Dose required to cause death of 50% of the test population (median lethal dose); MARPOL - International Convention for the Prevention of Pollution from Ships; nos - Not Otherwise Specified; NO(A)EC - No Observed (Adverse) Effect Concentration; NO(A)EL - No Observed Adverse Effect Level; NOELR - No Observed Adverse Effect Level; NZIoC - New Zealand Inventory of Chemicals; OECD - Organisation for Economic Co-operation and Development; OPPTS - Office of Chemical Safety and Pollution Prevention; PBT -

Persistent, bioaccumulative and toxic substance; PICCS - Philippine Inventory of Chemicals and Chemical Substances; (Q)SAR - Structure-Activity Relationship Modelling; REACH - Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals; RID - Regulation concerning the International Carriage of Dangerous Goods by Rail; SADT - Self-accelerating decomposition temperature; SDS - Safety Data Sheet; SVHC - Substance of Very High Concern; TCSI - Taiwan Inventory of Chemical Substances; TECI - Thailand Inventory of Existing Chemicals; TRGS - Technical Rules for Hazardous Substances; TSCA -

Toxic Substances Control Act (United States); UN - United Nations; vPvB - Very Persistent and Very Bioaccumulative

#### Further information

**Mixture classification:** Eye

Irrit. 2

H319

**Classification procedure:**

Calculation method

The information contained in this Safety Data Sheet is based on current knowledge and information at the date of publication. It is intended solely as a guide for safe use.

## **Safety Data Sheet**
